A Tribute to Woman.  
When everything around a man staggers and wavers, when all seems dark and dim in the far distance of the unknown future, when the world seems but a picture or a fairy tale and the universe a chimera, when the whole structure of ideas vanishes in smoke and all certainties become enigmatical, what is the only permanent thing which may still be his? The faithful heart of a woman. There he may rest his head; there he will renew his strength for the battle of life, increase his faith in Providence and, if need be, find strength to die in peace with a benediction on his lips.—Henri Frederic Amiel.

## Suspender Anatomy.

Suppose that instead of being provided with a frictionless ball and socket joint, your arms had to stretch a muscle or ligament every time you moved them. You would be tired out long before bed time.

Now consider—if you wear the ordinary suspenders you must "stretch rubber" every time you move—it's tiresome.

## SHIRLEY PRESIDENT SUSPENDERS

are made with a sliding cord that moves through frictionless tubes, just as your body moves, and as freely; it imitates nature's provision for freedom of motion—it gives comfort to your body and durability to the suspenders. Doesn't this appeal to you as being a sensible reason for wearing the Shirley President Suspenders? Light, Medium and Heavy Weights. Extra lengths for tall men. Sold by all dealers or by mail direct, 50 cents.
